## **Crestline Village Skate Park gets safety enhancements**

In an effort to improve security and safety, the San Bernardino County Regional Parks Department is installing video surveillance cameras at the Crestline Village Skate Park.

The cameras will record activities at the park 24 hours a day, seven days a week in order to deter vandalism, use of the facilities after hours and other illegal or prohibited conduct.

"I encourage skaters to help the County keep their park safe and clean by picking up trash and reporting vandalism and other crimes to the Sheriff's Department," said Board of Supervisors Chairman Paul Biane, who proposed building the skate park to provide a recreational outlet for mountain youth.

The skate park opened in December 2006 along with the renovated Crestline Village Park. The parks are located between Lake Gregory Drive and Forest Shade Drive next to Lake Gregory Regional Park. The Crestline Village Park features a playground, restrooms, picnic area, tennis courts and other amenities.
